Answer

Calculate   Clear All

Cording

```vbnet
Public Class Form1
    Dim A As Integer
    Dim B As Integer
    Dim Ans As Integer

    Private Sub btnCalculate_Click(ByVal sender As System.Object, ByVal e As System.EventArgs) Handles b
        A = txtFirstNamber.Text
        B = txtSecondNumber.Text
        Ans = A + B
        txtAnswer.Text = Ans

    End Sub

    Private Sub btnClear_Click(ByVal sender As System.Object, ByVal e As System.EventArgs) Handles btnCl
        txtFirstNamber.Text = ""
        txtSecondNumber.Text = ""
        txtAnswer.Text = ""
        txtFirstNamber.Focus()

    End Sub
End Class
```
